## Future Leaders @SuthersSchool

As you know, our aim is to empower all of our students to achieve more than they ever thought possible—and this includes equipping them with the skills and qualities they will need as the leaders of tomorrow. That's why we are already busy planning for the launch of our very own leadership academy, it's why we have already created a whole host of leadership development opportunities in school, including Student Ambassadors, Senior Students, and Librarians. And it's why we will soon be advertising for our first House Captains and House Point Shop Managers.

But as we saw in our assembly this week, being a leader isn't always about having a specific role or job title—we *all* have the potential to lead by example, to influence others and to shape the world around us. There was some brilliant discussion around the theme of what makes a great leader in that assembly and you can click the link below to see the video that got us all thinking about the power of our actions.

Leading by example: these were just some of the words students discussed in their leadership assembly this week. Click [here](#) to watch the video we explored.
