ALL SET FOR SUCCESS

Welcome to the first issue of The Bulletin for the new academic year. As the first full week of term draws to a close, we are really pleased to see our new students settling in and our school community evolving.

In keeping with our commitment to character education we have introduced The Suthers Tree (see left), which places character development at the heart of everything we do. Devised in consultation with students, our model is based on five key strengths: Tenacity, Optimism, Respect, Curiosity and Hard

Work. All of these traits have been proven to contribute to academic success and to lifelong well-being. We'll share more information about this soon but do please take the opportunity to talk about it with your child and find out what they've learned so far. We are already very proud of the ways Suthers School students have developed in their time with us and we are excited about what the future holds—including the launch of our brand new leadership academy next week! #Futureleaders

'Work Hard, Be Kind' in Action

Well done to Lewys in 8JU (see right) for the brilliant voluntary work he completed over the summer. Braving all weathers and long hours, Lewys helped raise funds and awareness for Blind Veterans UK. He'll be helping out again this weekend too! To find out more about this worthy cause, click [here](#).
