

20 January 2021

Dear Parents

Remote Education Access Survey

As part of our remote learning strategy and in light of the fact that we remain unsure exactly how long children will continue to be educated remotely we are working hard to ensure we have as full an understanding of our students' circumstances as possible. Therefore, further to recent communication from our pastoral team, we are asking all parents and carers to complete a short Trust-wide survey to help us better understand any issues our students might have in accessing the internet and/or using a suitable device to access their remote learning from home.

By completing this short survey you will be helping us to allocate the most appropriate resources and support to all our learners and therefore help strengthen access to and engagement with learning wherever needed.

To complete the survey, please click [here](#) or use the link shown below. We would be grateful if you could please complete the survey by **midday on Wednesday 27 January 2021** to help support the continued planning of high quality and ambitious remote education for all.

If you have any questions regarding the survey or would like to discuss access to technology in more detail, then please do contact us via email at contact@suthersschool.co.uk

Yours faithfully

Mr Andrew Pettit
Head of School
