PUPILS GET A GLIMPSE OF THE FUTURE

The sun was shining on us this Thursday as the first group of students had the chance to visit the site of our future home in Fernwood, Newark. Winners of last term's optimism award had the chance to put their 'stamp' on the site by creating some fantastic hanging baskets made from re-purposed hard hats before taking part in a guided tour of the new building. Students were able to walk around inside the new structure, climbing up to the second floor for a chance to see how their new drama space and canteen are shaping up— getting a glimpse of the outdoor spaces and some of the views they will be able to enjoy from their classrooms before too long. This was the first of many visits we have planned and whilst the remaining students from 7MB are next in line for a chance to get involved, we have made plans to ensure every one of our founding students has at least one visit to the site before the building is complete.

CHEERLEADING SUCCESS FOR TSS GIRLS

Congratulations to Paige (Year 8) and Kaela (Year 7), who triumphed in the National Legacy Dance and Cheer Competition which took place at the First Direct Arena, Leeds, last weekend. They competed with their cheer squad, Firecrackers, and finished the day in first place which means they were crowned champions of the junior cheer category.
