## CLIMATE FOR CHANGE IN 'BIG DRAW'2020

On Wednesday this week, we took part in the Big Draw 2020 for our first Personal Development day of the year. Students and staff took part in a range of activities from painting the periodic table, making bug hotels, visual arts design to designing surfboards to raise awareness of this year's theme, 'A Change of Climate'. It was brilliant to see the school come alive with creativity through art and design and to see the students use their character strengths so effectively. Some fantastic pieces of art were created and will be displayed throughout the school. The photos below give a glimpse of some of the wonderful creations. A big thank you to Miss Leach for organising the day.

## BLACK HISTORY MONTH CELEBRATED

October is Black History Month in the UK, an event that has been celebrated nationwide for more than 30 years. It is a celebration and recognition of the contribution black people have made to the UK over many generations and remains a fight for racial justice. In the UK this year, Black Lives Matter demonstrations have called for an end to systemic racism. Form time sessions were used this week to discuss the question of why it still remains so important to shine a light on positive black role models. Click [here](#) to find out more.

## #NOPLACE FOR HATE #SAFEPLACEFORALL

To mark the National Hate Crime Awareness Week 2020, Year 7 welcomed PC Nick Stenner, our Early Intervention Officer from Newark Police, to their assembly to speak about the serious topic of Hate Crime. The students learned about different strands of this topic, including high profile cases such as Stephen Lawrence, Fiona Pilkington, Sophie Lancaster and The Holocaust Centre in Laxton. This year marks the 25th anniversary of the Stop Hate initiative. You can find out more on the Twitter page [@stophateuk](#).

*Year 7 engage attentively and respectfully as PC Nick Stenner shares poignant examples to mark the 25th anniversary.*
